

#1667 Double Watch Winder with Drawer

The double watch winder boasts a black high gloss lacquer finish and features two independent winder motors with soft suede-like pillow holders for each watch. Additional drawer storage is available for watches, rings, bracelets, etc. in the double unit. This winder has four winding modes to suit your needs, the modes are as follows:

Mode 1: When ONLY the #1 switch is in “ON” position the winder winds for 33 seconds in chosen direction (see function information below) and then stops for 12 minutes. Cycle then repeats itself.

Mode 2: When ONLY the #2 switch is in “ON” position the winder winds for 33 seconds in chosen direction (see function information below) and then stops for 15 minutes. Cycle then repeats itself.

Mode 3: When ONLY the #3 switch is in “ON” position the winder winds for 33 seconds in chosen direction (see function information below) and then stops for 24 minutes. Cycle then repeats itself.

Mode 4: When ONLY the #4 switch is in “ON” position the winder winds for 33 seconds in chosen direction (see function information below) and then stops for 18 minutes. Cycle then alternates and repeats in opposite direction.

The function button controls the direction of rotation.

Function I: Clockwise

Function II: Counter-clockwise

Function 0: Off

The turning force of the mechanism can accommodate a 7.05 oz watch.

AC Adapter (UL Approval): Input: 120V AC 60Hz 100mA

Output: 9V DC 500mA 4.5VA

WARNING: Please do not shake the watch winder as it may affect watch winder functioning.
